

Semi Automatic Cup Sealing Machine

This Cup sealer is a convenient machine for sealing plastic film on cups. It is semi automatic and easy to operate:

- The filled cup is placed inside the cup holding Die.
- The tray holding the Die is pushed inside the machine and a handle is pressed.
- The machine presses the pre-loaded laminated foil (Roll) on the cup and seals and cuts the outer rim of the film.
- The tray is pulled out and the cup is removed.
- The process is repeated for the next cup.
- The approximate speed of the machine is 250 cups / hour.

The machine is available with the following options

- For various cup diameters
- Two / four cups can be sealed at a time
- Automatic type available.
