

Shrink Wrap Tunnel - for Labels

This Shrink Tunnel is meant for label shrinking on PET Bottles. It is made of SS 304 and is sturdily built for long life. The tunnel has a SS Slat chain conveyor.

The size of the tunnel is 4" wide x 15" height. Heaters are provided inside. A temperature sensor, temperature controller, heat circulation fans and conveyor speed control are provided.

All the functions of the tunnel can be controlled from the control panel provided on top of the machine.

The main features of the machine are:

- Intelligent shrink temperature control
- Conveyor speed is adjusted by step less adjuster
- Unique conveyor device to ensure stable transmission
