## Soda / Soft Drink Machines For PET Bottles

### Table Top Soda / Soft Drink Maker

The Table Top Soda/Soft Drink Maker is a unique compact machine ideal for way side shops, stalls, cottage level industries etc for making carbonated drink and serving on the spot. It is easy to use and does not require any training except for a few basic concepts. The machine is available for both glass and PET bottles.

A bottle is filled with water & premixed flavours. The bottle is then fitted on the machine. A lever is pressed for releasing the CO<sup>2</sup> into the bottle. The liquid is carbonated and the bottle can be taken off. A fast worker can do about 3-4 bottles per minute.

#### The main features of the machine are:

- CO<sup>2</sup> is stored in the MS tank of the machine which is tested for high pressure.
- The CO<sup>2</sup> inlet valve on the machine is of good quality.
- It is easy to use.
- PET bottles of all sizes from 300 ml to 2000 ml can be used without any adjustment or setting.
- The machine requires very low maintenance except for change of washers once in a few days depending on the daily volume of usage.
