

Dry Ink Coding Machine

This is a Semi automatic printing machine for statutory markings/coding on plastic/paperpouches, duplex boards/duplex cartons, labels etc. It is fast and easy to use.

A set of alphabets, numerals and symbols is provided with the machine. These are set on the print head and the printing can start. A set of labels or pouches are fed into the machine. It prints all the labels one after the other.

The Salient features of the machine are:

- High production speeds
- Pouches /labels can be fed in batches
- Uses hot melt ink
- No ink spillage
- No over inking
- Lower coding costs
- Easy to compose messages
- Equipped with Print counter & Photo electric sensor for position adjustment.
- Minimum maintenance.
